

## Press release Calendar Week 13/I

### For busy hands! Rameder's high-quality work gloves

Whether in the garden or the workshop - no physical work can be done without the use of the hands, so they often need not only care but also protection, preferably by wearing high-quality work gloves. **Rameder** therefore sells its superb [work gloves made of cowhide](#) for only €2.99.

The working gloves provide perfect protection against paint, lacquers, other dirt and all kind of stains. No matter what is being handled, the hands are protected as best as possible. Above all, the high quality of workmanship pays off in practice, even sharp-edged objects can be gripped easily and the seams withstand extreme use. Nevertheless, the gloves are supple and fit through the universal size optimally both to large and small hands. In addition, their special cut even protects the knuckles.

The elaborate use of robust cow leather and breathable fabric makes the gloves the perfect all-rounder. They are both resistant and air-permeable. Sweaty hands are therefore a thing of the past, even during long periods of work. This ensures the necessary "fingertip feeling" in every situation.

For this and many other useful products, check out the online shop at [www.rameder.eu](http://www.rameder.eu).
