

Press release Calendar Week 06/II

Pack your stuff, and off you go!

With Rameder and the ski carriers SnowPack 4 or 6 to the slope

The equipment is fully arranged for travel. The snow radar looks promising. The increasing joy in anticipating the ride to the ski area is at its peak. If everything is planned well, there is hardly anything that can go wrong. With the ski carrier [SnowPack 4](#) (149 Euro) or [SnowPack 6](#) (199 Euro) from the Rameder products range, for example, it is possible to transport up to six pairs of skis or four snowboards without any problems.

Rameder, Europe's market leader in towbars and vehicle transport accessories, has a large selection of ski carriers in its product range. Winter sports enthusiasts will find precisely the right product for their own needs. If you want to transport up to four pairs of skis or two snowboards, you will need the SnowPack 4 with a 50 cm wide contact surface. Up to six pairs of skis or four snowboards require the 75 cm wide contact surface offered by the SnowPack 6. Extra comfort is provided by the large opening button, which can be easily operated while wearing thick ski gloves. The fingers are always kept warm. If the bindings of the skis or snowboards are unusually high, the ski carriers can quickly be increased by up to 29 mm thanks to the accompanying feet. This will also prevent damage to the vehicle roof.

In addition to the comfort and quality, the SnowPack 4 and 6 impress a lot also with their safety features. The TÜV-certified ski carriers are both lockable and thus offer efficient protection against any unauthorised access. The ski racks are securely mounted on a suitable roof rack. **Rameder** also offers numerous models for various fastening systems. All compatible models are displayed in the [theme world](#), after entering only a few details about the vehicle.

The **Rameder** product range available under www.rameder.eu contains numerous products for the automobile. The large stock of 137,000 products guarantees short delivery times. Worth a visit!
